### Official Able to Collect.

OLYMPIA, Aug. 27.—Charges of conspiracy against Mr. L. Hamilton, county commissioner of King county, and Cecil H. Upper in the sale to the county of an automobile will not prevent Mr. Upper collecting \$1000 for the automobile, under a supreme court decision.

County Treasurer Hanna held up Mr. Upper's warrant on the ground

the auto he sold the county commissioners was in reality the property of Mr. Hamilton, who was barred from being interested in contracts with the county by state law. Mr. Upper brought an action for a writ of mandamus against Mr. Hanna to force payment. This was dismissed in the lower court, but it will be sued under the higher court's decision.

## Best Treatment for Catarrh S. S. S. Removes the Cause

Specialists in Catarrh troubles have agreed that it is an infection of the blood. The laboratories of the S. S. S. Co., at Atlanta, have proven it. Once you get your blood free from impurities—cleansed of the Catarrhal poisons, which it is now a prey to because of its unhealthy state—then you will be relieved of Catarrh—the dripping in the throat, hawking and spitting, raw sores in the nostrils, and the disagreeable bad breath. It was caused, in the first place, because your impoverished blood was easily infected. Possibly a slight cold or contact with someone who had a cold. But the point is—don't suffer with Catarrh—it is not necessary. The remedy S. S. S., discovered over fifty years ago, tested, true and tried, is always obtainable at any drug store. It has proven its value in thousands of cases. It will do so in your case. Get S. S. S. at once and begin treatment. If yours is a long standing case, be sure to write the S. S. S. Co., Atlanta, Ga., for free expert medical advice. They will tell you how this purely vegetable blood tonic cleanses the impurities from the blood by literally washing it clean. They will prove to you that thousands of sufferers from Catarrh, after consistent treatment with S. S. S., have been freed from the trouble and all its disagreeable features and restored to perfect health and vigor. Don't delay the treatment. Take S. S. S. at once.

## BALKAN DIPLOMATS DECLARE THE ALLIES UNDERESTIMATED TURKS AT THE DARDANELLES

By HENRY WOOD.

(United Press Staff Correspondent.)

SOPHIA, Bulgaria, July 26.—(By Mail.)—Governmental, diplomatic and military circles generally throughout the Balkans have become pessimistic to an extreme degree regarding the success of the allies' campaign against the Dardanelles. The almost unanimous verdict is that the action was both ill-advised and ill-planned.

In the first place it is declared the allies unquestionably underestimated the strength of the Turks. They are declared evidently to have taken into consideration only weakness shown during the two Balkan wars and to have overlooked entirely the regeneration and re-organization which has taken place in Turkey since the Young Turks secured full control of the government.

In the second place the lack of quick, vigorous, effective action in the execution of the plan, of attack is roundly criticized. If on the day the allies bombarded the Dardanelles fortifications for the first time, the fleet had been sent through the straits regardless of cost, it is the general impression here the Dardanelles would have been forced.

Now the forcing of the straits by the fleet is regarded as an absolute impossibility, the Turks having had ample time to prepare defenses of the most modern and adequate kind.

Similar criticism is also levelled against the land action on the peninsula of Gallipoli. Not only did the allies underestimate greatly the strength of the Turks but they allowed ample time for the latter to make up all of the weaknesses and defects in their defense that would have been open to a land attack made simultaneously with the first bombardment of the straits last February instead of two months later.

While it is not estimated here that the final capture of Constantinople by the land side of Gallipoli is utterly impossible it is nevertheless the general opinion that now that the attack has been reduced to a basis of trench warfare and can only be accomplished after a long campaign in which every foot of ground will be fiercely contested.

No secret is made in the Balkans of the fact that the original plan of action by the allies called for the landing of a Russian army on the Black sea coast north of Constantinople and the capture of that city from the Chatalia line in the rear. But here again the lack of quick, energetic action on the part of the allies defeated this plan.

With the arrival of German submarines off Constantinople the Turkish fleet is now almost equal to the naval strength which Russia has at her disposition in the Black sea.

It is known that for several months Russia has been holding an army variously estimated from 200,000 to 400,000 at Odessa for this descent on the Black sea coast north of Constantinople. By losing, however, the little naval supremacy she at first had in the Black sea this has now been rendered utterly impossible. While by a sudden move it might be possible still to effect the landing of the troops, the general opinion here is that the Russian fleet never could keep open the line of communications especially against the submarines necessary to insure the continuance of the operations. Only a preponderating naval supremacy such as the allies

have in the Mediterranean could do that.

In general, England, and especially Churchill, are blamed here both for the underestimation of the Turkish strength and for the lack of effective action.

The Balkans, however, are unanimous in the belief that the whole campaign could be turned from a somewhat doubtful one into one of certainty by the intervention of Bulgaria on behalf of the allies. The whole of the Turkish strength is today concentrated in the resistance at the Dardanelles and at Gallipoli. Part of the cannon that are now known to fairly bristle along the entire peninsula of Gallipoli are to be found a goodly portion of the artillery that formerly figured in the defenses of Adrianople and the Chatalia line. The entire province of Thrace from the Bulgarian frontier to the gates of Constantinople is declared to have been left almost denuded of defense in order to withstand the attack at the straits. That Turkey could not resist still another attack on her rear is everywhere conceded here.

Unfortunately for the allies, however, German diplomacy has so far been successful in keeping Bulgaria from making a decision in their favor. Whether she will be able to do this till the end of the war remains to be seen.

## Will Destroy Town to Save the Cities

VILLAGE OF 1000 MUST GO IN PLAN TO CURB FLOODS IN OHIO.

OSBORNE, Ohio, Aug. 27.—This thriving village of 1,000 population will be only a memory soon. The Miami valley conservancy board, in carrying out its flood prevention plans will buy the entire town. The cost will be \$700,000, and residents of the town are satisfied with the bargain—each property owner getting full value.

The sentiment that attaches to living sixty years in one's own home isn't going to block the deal. School buildings, twenty-five retail stores, water and light plant, lumber mills, and four churches will be razed along with all other buildings.

The city will be transformed into a lake. When the great flood gates are opened for the completion of the conservancy Osborn will vanish to save the larger cities from destruction.

Engineers figure that the site of Osborn is ideal. It lies in a valley large enough to encompass all the flood waters that wrought the destruction of the famous Dayton flood.

### CLEMMER BOOKS

FILM AT \$12.000

### "THE BIRTH OF A NATION"

Employed 18,000 People and 3000 Horses—To Start August 29—Sensation in New York.

To bring the film spectacle, "The Birth of a Nation," or "The Christman," to the Heilig theater is costing James Q. Clemmer, \$12,000, the largest price ever paid for a motion picture in the northwest, according to James Q. Clemmer. He saw the picture in Los Angeles on a recent visit and was so impressed that he determined to bring it north, regardless of expense.

### Disgruntled Poet Sues.

LOS ANGELES, Aug. 27.—Because they would not let him recite his poem, "The Christ in the Flag," as he charges, Colonel Nathan Ward Fitzgerald, a well known Grand Army poet of the south, filed suit in the supreme court for 10,000 damages against A. M. Brown, Henry Ault, Thomas L. Hull, Thomas Galbreath, C. H. Maynard and L. Schofield, also civil war veterans.

The complaint recites that at the Grand Army encampment at Huntington beach last Monday he stepped onto the platform to recite "The Christ in the Flag," when the defendants rudely jostled and elbowed him off the platform and would not permit him to continue.

Letter of Dead Received. OREGON CITY, Ore., Aug. 27.—"I would have been pleased to have stayed here," were the last words of Jacob Theisinger, whose body was found in the canyon of the Abernathy. The letter, which was received by Attorney C. Schuebel, convinces Coroner Hempstead, that Theisinger's wound was self-inflicted.

## HOW TO CLEAR AWAY PIMPLES

Bathe your face for several minutes with resinal soap and hot water, then apply a little resinal ointment very gently. Let this stay on ten minutes, and wash off with resinal soap and more hot water. Rubbing with a dash of cold water to close the pores. Do this once or twice a day, and you will be astonished to find how quickly the healing resinal medication soothes and cleanses the pores, removes pimples and blackheads, and leaves the complexion clear and velvety.

Resinal ointment and resinal soap stop itching instantly and speedily heal skin humors, sores, burns, wounds and chafing. Sold by all druggists.

### SOAP FOR BABY'S TENDER SKIN

The regular use of resinal soap is usually enough to prevent those distressing rashes and chafings to which most babies are subject. This is so, first, because resinal soap is absolutely pure and free from harsh alkali, and second, because it contains the resinal medication, on which so many physicians rely for skin troubles.

The letter is in German, and, translated, follows: "Mr. Schuebel: My contract and deed are in the National Bank account by place on Nob Hill, block 5. Sister and brother in Little Ferry, N. J. I am from Rhenishphalz, Boyern, Germany. I have a mother and sister there. Best regards. Please give photo and money to John Reishurger. I would have been pleased to have stayed here."

### Big Religious Meeting.

OAKLAND, Cal., Aug. 27.—"Religious Education and the New World Order" was the central theme at the

International Congress of Religious Education which opened here today. More than 2,000 religious leaders and educators from all parts of the country are attending. Dr. Benjamin Ide Wheeler, president of the University of California, delivered the address of welcome.

The annual statement on gold, silver, and copper in Alaska for 1914 has just been issued by the United States geological survey. The value of the total output of these three precious metals for the year aggregated \$18,825,520.

## Hot Weather Bad for Women's Nerves

SEASON WHEN THEY MOST NEED THEIR STRENGTH TO WITHSTAND THE HEAT.

Hot weather has a decidedly weakening effect on most women. They become too languid to exercise, and as a result have appetite only for light, tasty foods like salads and other cold concoctions, which do not digest readily and increase the natural tendency to constipation.

At this season women should maintain the highest possible standard of health, to counteract the enervating effect of the weather. Good digestion and regularity of the bowels are essential. The combination of simple laxative herbs and pepsin, sold in a dose tonight and by morning your drug stores under the name of Dr. Caldwell's Syrup Pepsin, is highly recommended as a laxative and digestant by many physicians, as well as by thousands of women who de-shock the system but acts gently, in pend upon it as a remedy for many in easy, natural manner, expelling of those ills to which women seem more susceptible.

Get a fifty cent bottle of Dr. Caldwell's Syrup Pepsin from your druggist or write to Dr. W. B. Caldwell, 453 4th and have it in the house. Take Washington street, Monticello, Ill.
